Governor Asa Hutchinson

Nathaniel Smith, MD, MPH, Secretary of Health

Issued July 18, 2020

Effective July 20, 2020

## **Face Coverings Directive**

The Secretary of Health, in consultation with the Governor, has sole authority over all instances of quarantine, isolation, and restrictions on commerce and travel throughout Arkansas, as necessary and appropriate to control disease in the state of Arkansas as authorized by Ark. Code Ann. §20-7-109—110 and the Rules and Regulations Pertaining to Reportable Disease (2019). Based on available scientific evidence, it is necessary and appropriate to take further action to ensure that COVID-19 remains controlled and that residents and visitors in Arkansas remain safe.

The Secretary of Health issues this Directive in conjunction with Executive Order 20-43, which ordered a public health directive, which was issued pursuant to the on-going public health emergency as declared in Executive Order 20-37. The Secretary of Health requires every person in Arkansas to wear a face covering completely over the mouth and nose in all indoor environments, excluding private residences, where they are exposed to non-household members and distancing of six (6) feet or more cannot be assured and in all outdoor settings, excluding private residences, where there is exposure to non-household members, unless there exists ample space of six (6) feet or more to practice physical distancing.

The following shall be exempt from wearing a face covering

- a. Persons younger than 10 years of age (This requirement shall not supersede any decision by the Secretary of Education, public school district, or private school to require masks for children younger than 10 years of age while attending school);
- b. Persons with a medical condition or disability that prevents wearing a face covering;
- c. Persons performing job duties where a six feet distance is not achievable, but a mask is inhibitory to the ability to safely and effectively perform the job duty;
- d. Persons participating in athletic activities where a six feet distance is not achievable, but a mask is inhibitory to the activity or active exercise;
- e. Persons consuming food or drink;

- f. Persons driving alone or with passengers from the driver's household;
- g. Persons receiving services that require access to the face for security, surveillance, or other purposes may temporarily remove a face covering while receiving those services;
- h. Persons voting, assisting voters, serving as poll watchers, or actively performing election administration duties; however, face coverings are strongly encouraged;
- i. Persons engaged in religious worship activities; however, face coverings are strongly encouraged;
- j. Persons giving a speech or performance for broadcast or to an audience; however, those persons shall safely distance from nearby individuals;
- k. Persons in counties where the Department of Health has certified that risk of community transmission of COVID-19 is low. To be considered low risk, the county must not have a newly identified case of COVID-19 for twenty-eight (28) consecutive days, assuming there has been adequate testing in the county.

This directive, effective July 20, 2020, should be read in conjunction with the previously issued directives addressing particular activities and venues.

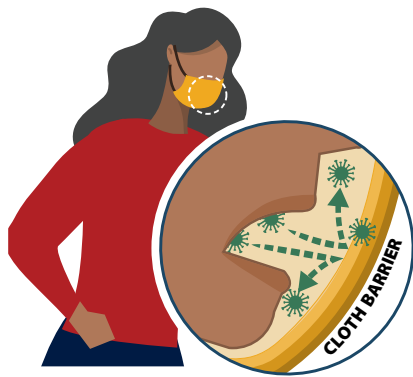

A face covering completely covering the mouth and nose can be purchased commercially, a mask with an ASTM rating of at least Level 1, or homemade using at least two layers of material. Please see [CDC Considerations for Wearing Face Coverings](#) for more information.

WHEREAS: An outbreak of coronavirus disease 2019 (COVID-19) has spread throughout the world resulting in a global pandemic; and

WHEREAS: On March 11, 2020, by Executive Order 20-03, an emergency was declared in the State as a result of COVID-19; and

WHEREAS: On March 26, 2020, Executive Order 20-10, amending Executive Order 20-03, declared the entire State of Arkansas a disaster area in which ingress and egress to and from, the movement of persons within, and the occupancy of premises therein, may be controlled, pursuant to Ark. Code Ann. § 12-75-114(e)(7); and

WHEREAS: On May 5, 2020, by Executive Order 20-25, the emergency was extended for forty-five (45) additional days, until June 19, 2020; and

WHEREAS: On June 18, 2020, by Executive Order 20-37, the emergency declared pursuant to Executive Order 20-03 and its amendments was terminated, and the public health and disaster emergency and declaration of the State of Arkansas as a disaster area resulting from the state-wide impact of COVID-19 was declared anew; and

WHEREAS: COVID-19 continues to spread throughout the United States and the State of Arkansas; and

WHEREAS: Pursuant to Act 96 of 1913, Ark. Code Ann. §§ 20-7-101 et seq., and the rules promulgated therefore, the Secretary of Health has the authority to impose such quarantine restrictions and regulations upon commerce and travel by railway, common carriers, or any other means, and upon all individuals as in his judgment may be necessary to prevent the introduction of communicable disease into the State or from one place to another within the State; and

WHEREAS: On April 5, 2020, in his daily press briefing, Governor Hutchinson encouraged all Arkansans to follow Center for Disease Control (CDC) Guidelines by wearing face coverings when adequate social distancing cannot be achieved; and

WHEREAS: On June 19, 2020, the Secretary of Health released guidance regarding the use of face coverings by the general public, which asserts that ample evidence exists to support the efficacy of wearing face coverings to prevent the transmission of COVID-19; and

WHEREAS, The Department of Health recommends that the general public wear face coverings in all indoor environments where they are exposed to non-household members and distancing of six (6) feet or more cannot be assured. This includes, but is not limited to, workplaces, retail stores,

businesses, places of worship, courtrooms, jails/prisons, schools, healthcare facilities, and other people's homes; and

WHEREAS, The Arkansas Department of Education and public school districts are either requiring or encouraging face coverings for children returning to school in the coming weeks. It is important that adults wear face coverings to set an example for children and reinforce the Department of Health's recommendation for wearing face coverings to prevent the transmission of COVID-19; and

WHEREAS, Arkansas continues to experience high numbers of COVID-19 cases through symptomatic and asymptomatic spread of the virus, requiring additional mitigation measures; and

WHEREAS, It is in the best interest of all Arkansans to keep businesses open and maintain the activities of daily life. Requiring face coverings is a less restrictive mitigation measure that will not only enable the Arkansas economy to remain open, but also it will reduce the spread of COVID-19.
